50X1-HUM

1. [ ] the Kwangsi Military District Medical Department ordered the four medical schools and the four medical training schools in Kwangsi to draft 100 teachers and students for anti-epidemic work in the Northeast. The draftees had to be males of good physique, under 35 years of age, party or youth corps reserve members or higher, and have one of the three following qualifications:

- a. Over three years' experience in more than one specialization.
- b. Specialization in biology.
- c. Former service in troops units, but transferral to medical work prior to 1950.

2. [ ] 90 persons meeting these qualifications had been found and organized into two anti-epidemic teams. [ ] these teams left Kweilin for the Northeast.
